## Learning Together – Empowered for Life

Yateley students are celebrating excellent results in their A-level, BTEC and CACHE courses! There continues to be intense pressure on results this year and scrutiny particularly in light of all the disruption of recent years. Especially in the upper grade ranges, the Sixth Form's track record has continued strongly and results compare favourably with the strong standard after the pandemic.

These well-deserved results mean that Yateley students are once again very well placed to secure excellent and ambitious next steps; whether in higher education, training or employment. Each year

a significant number of our Yateley Sixth Form students progress to university, with many of them heading into varied and highly competitive degree courses.

Within a very accomplished cohort, there have been outstanding individual performances. Kushal Vadicharla was successful in securing a place to study medicine at Kent and Medway with 2 A grades and an A\*(pictured). Neve O'Hara gained 3 A\* and is joining the Police Force, whilst Fraser Jarvis with an A\* and 2 A grades is off to Cardiff to study Architecture. Jerry Chan achieved 3 A grades and will be reading civil engineering at Manchester University.

Huge congratulations also go to Kofi Elhaggagi who has secured three A\* grades and an A grade in his A Levels. He will be undertaking a year out with a view to applying to Oxbridge. Harry Jacob will be reading

Physics at Southampton after achieving one A\* and three grade A's, Other notable performances are Heidi Shea with 2 A\* and an A grade, Luke Furze with 3 A grades and Aimee Gubb with 3 A\* grades.

Headteacher, Paul German said, "I would like to extend my warmest congratulations and thanks to the whole team who have excelled themselves and succeeded in setting our young people well on the way towards further accomplishment in the future." "It is a clear measure of their ambition, tenacity and academic ability that they have achieved so well". Equally, great results stem from excellent teaching and strong support from home. We couldn't be prouder of the exceptional, inspiring and talented young people who make up the Yateley School student body. Celebrations this year are a fitting reward for the outstanding work and commitment of our amazing students, staff and school community."
